

## AEF VOLUNTEER CREDIT PROGRAM

AEF Academy believes that all athletes who have a passion for basketball should be able to play basketball! We know that youth sports can be a financial burden for families and to help families off-set the costs of player registration fees, we are providing opportunities for parents to earn account credits monthly by volunteering to help with the implementation of tournaments that AEF will be hosting throughout the season.

### HOW IT WORKS

Volunteers will receive an account credit of \$15/hour worked, and shifts will be scheduled in four-hour increments. So, for example, if your athlete has a balance due of \$800 (after the initial \$500 first payment is made\*), and you spread out your payments from August through December, you will need to pay \$200 per month. If you work two 4 -hour shifts in a month, \$120 will be deducted from that month's balance due, taking your payment that month down to \$80. \*Please note: If you need to spread out your first \$500 payment, we will set up your invoice to withdraw \$100/month from February to June to make it more manageable.
